PV GROUND MOUNT SYSTEMS	Photo / Dimensions	Description	Net price
Universal PV Ground Mount Systems V2- H 25/30		PV Ground Mount Systems: Two-support driven into the ground Slope angles: Adjustable 25 - 30° Orientation: Vertical Module configuration: 2x5, 2x7, 2x8... Number of modules: 12, 14, 16... Construction: Steel S235 + 2M 310/430 MANGELIS Panel size: According to client's specifications Additional information: Penetration depth depends on the frost zone and soil testing.	Individual quotation (required data: module dimensions, number of modules, module arrangement, clamp color, location or information regarding wind and snow zones) - please send the information to your account manager to obtain a quotation.
Universal PV Ground Mount Systems H4- H 25/30		PV Ground Mount Systems: Two-support driven into the ground Slope angles: Adjustable 25 - 30° Module configuration: 4x4, 4x5, 4x6... Orientation: Horizontal Number of modules: 16, 20, 24... Construction: Steel S235 + 2M 310/430 MANGELIS Panel size: According to client's specifications Additional information: Penetration depth depends on the frost zone and soil testing.
